DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 25-26 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 25 and 26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In line 7 of independent claim 25, the term "MPU" is found and is not supported in Applicant's specification. The Specification merely repeats the claimed limitation.

Examiner is not clear as to the definition of "MPU".

Correction is required.

Allowable Subject Matter

4. Claims 1-24 and 27 are allowed.
